WELCOME TO LAKE HAVASU CITY

A young town (founded in 1963 and incorporated in 1978), Lake Havasu City was built on the spirit of possibility and innovation. It was in this spirit that town founder Robert P. McCulloch, Sr. purchased and relocated the town's showpiece, the London Bridge, from its original location in England to its new home in sunny Arizona.

Located on the shores of Lake Havasu, the city attracts 835,000 visitors annually with its calm waters, beautiful beaches and desert weather with more than 300 sunny days a year. Lake Havasu City is the major population center of Mohave County, with a population of 53,192 (2015). It's easily accessible by major highways and a short drive from Los Angeles, Phoenix and Las Vegas.

Lake Havasu City is a destination for boaters, water sport enthusiasts, hikers, nature lovers, car enthusiasts and history buffs. A range of accommodations and restaurants will ensure your stay is a comfortable one.

Welcome to Lake Havasu City... where you can *Play Like You Mean It*®!

Must-See Boating Attractions

Lake Havasu has a wealth of hidden coves and beaches that are perfect places to fish or relax for the day. You can also opt to explore the river with its canyons, cliffs and abundant wildlife. Water temperatures range from 75° to 85°F (24° to 30°C) during much of the year, perfect for a quick dip (see the [surface water temperature chart on page 44](#)).

Bridgewater Channel

Bridgewater Channel

The Bridgewater Channel runs beneath the famous London Bridge and is a popular spot to moor and spend the day people-watching.

Boating on Lake Havasu also has a quieter side — have you tried kayaking, canoeing or stand-up paddleboarding (SUP) yet?

To enjoy the lake *your way*, visit us at boating.golakehasvu.com

Non-Motorized Boating

Skimming across the lake in a power boat or touring upriver on a PWC are thrilling and popular ways to enjoy the water, but there's also the appeal of slowing down and really getting to see some of the sights you miss when going 50 mph, not to mention the added benefit of a good workout.

Kayaking, canoeing and stand-up paddleboarding are all great ways to view wildlife, explore hidden coves and get a little (or a lot) of exercise. There are even kayaks that are specially equipped for fishing, with foot pedals, rod holders and fishfinders.

Watercraft Rentals

If you're new to boating, have your boat in the shop, or haven't decided on your dream boat yet, there are many rental companies in town with a wide range of watercraft to choose from. You can rent by the hour, half/full day or week. They'll even launch the boat for you for the ultimate in stress-free recreation! **Visit the boat rentals page on our website at www.golakehasvu.com or stop by our Visitor Center (see page 44 for location).**

Boat Charters

For a day of carefree boating, charter a boat and captain. With a charter, you don't have to worry about towing a boat, paying a launch fee, or navigating the lake — just sit back and enjoy (see **Water Tours on page 16**).

Designated Captain Program

For the ultimate in relaxation and peace of mind, forgo the lines at the launch ramp and the responsibility of navigating the craft around unfamiliar obstacles. The Lake Havasu Marine Association has a Designated Captain program, featuring Coast Guard-certified captains who will launch your boat and pilot it for the day. FISHING LICENSES

A valid Arizona fishing license and Colorado River stamp are required for anglers 10 years of age or older. Youth under the age of 10 and blind residents are exempt. Annual fishing licenses are \$37 for residents and \$55 for nonresidents. (Daily licenses are \$15 for residents and \$20 for nonresidents.) A California fishing license is required if you fish from the California shore. Licenses/stamps are available online at www.azgfd.com/license.

Bill Williams River National Wildlife Refuge

Bassmaster ranks Lake Havasu as one of the top 20 bass fishing lakes in America. Fishing is popular all year long, and anglers can haul in black (large and small-mouth) bass, striper, panfish and catfish. Cast your line from docks, boats or along the shore.

A world record-setting redear sunfish was caught on Lake Havasu on February 16, 2014 by Hector Brito, surpassing a previous record-setting redear catch on the lake by Robert Lawler in 2011. In November, 2013, a whopping 37-lb striper was also hauled out of the lake.

Hector Brito with his record-setting redear sunfish, which was 5.8 lbs, 17 inches.

Want to try for a record-setting catch of your own? For information on the best bait, lures and times to fish for different species, see the tips below.

Largemouth Bass

Fish for largemouth bass in the morning in areas that will have shade cover near structures and submerged vegetation. Largemouth, for the most part, are ambush feeders and prefer live bait, but will bite on crankbaits, swimbaits and spinner baits. Best time is early morning and late afternoon hours. Bag limit 6, minimum length 13", any combination of largemouth and smallmouth.

Panfish

April-June is peak time to try for panfish, bluegills and redears. All bite on mealworms, nightcrawlers and lures like crappie jigs or small trout spinning lures. Bag limit 25.

Smallmouth Bass

Morning hours are the best time to catch smallmouth bass, which are especially plentiful February-April. Use lures such as craw-colored jigs, jerkbaits and small, bright-colored swimbaits. Bag limit 6, minimum length 13", any combination of largemouth and smallmouth.

Striped Bass

Early morning and late afternoon are the best times for catching stripers, which are plentiful April-December. Try frozen bait like anchovies, mackerel or squid. The best live bait is shad or bluegills. Lures also work well, such as large swimbaits, white rat traps and large jerkbaits like the Pointer 128. Bag limit 10, any size.

Located on “Arizona’s West Coast,” Lake Havasu boasts sandy beaches, fresh clear water and warm temperatures, perfect for sunbathing, picnics and people-watching. There’s even a dog park at London Bridge Beach, so all members of the family can enjoy the beach scene.

Hiking Trails

Lake Havasu City is blessed by the beauty of its natural surroundings, including trails for hikers of all levels.

Walks

Mohave Sunset Trail

Miles: 1.5 / Time: 1 hour
Beginning at Lake Havasu State Park, this scenic walk meanders along lowland desert and Lake Havasu's shoreline and through the park's interpretive cactus garden.

Shoreline Trail

Miles: 2 / Time: 1 hour
This popular route is along a paved walkway and follows the shoreline of Bridgewater Channel and the lake, starting at the London Bridge. The walk continues through tree-shaded Rotary Community Park along sandy beaches and provides stunning lake and mountain views.

Easy

Pittsburg Mines Trail

Miles: 4 / Time: 3 hours
Explore the former mining area north of Lake Havasu City. An easy hike up a small hill will reward you with a panoramic view of Lake Havasu City and the surrounding area. Although the mines have been filled in or fenced, use caution while hiking in the area.

Water Tank Trail

Miles: 6.2 / Time: 3 hours
This trail takes hikers to interesting fenced-in wildlife watering areas and affords hikers expansive mountain views. Look for desert wildlife including Bighorn sheep.

Moderate

Arch Rock Loop Trail

Miles: 4.5 / Time: 3 hours
This trail features a variety of desert scenery including a natural arch, two scenic washes, open terrain hiking and a walk through the Crack in the Mountain (if desired).

Crack in the Mountain Trail

Miles: 5 / Time: 3 hours
Bighorn sheep are often present on this scenic trail, which passes through one of the most famous slot canyons on the Lower Colorado. It ends at a scenic cove on the lake beside Balance Rock.

Pilot Rock Trail

Miles: 7 / Time: 4-5 hours
Walk in open terrain through a variety of desert mountain scenery. This trail ends at the Pilot Rock campsites on Lake Havasu.

Difficult

Crossman Peak Trail

Miles: 6 / Time: 5 hours
Experience the highest point of elevation in the Lake Havasu area, 5,103 feet above sea level. Enjoy views of the Colorado River valley, the Hualapai Mountains and Aquarius Mountains.

Cupcake Mountain Trail

Miles: 4.6 / Time: 5-6 hours
This trail on the CA side of the lake is for experienced hikers only! Groups of 10 or more require a permit from the Bureau of Land Management. Your arrival at the summit of this landmark peak offers spectacular views.

Lizard Peek Trail

Miles: 4 / Time: 3 hours
On your way up, look for the 80-foot-long lizard geoglyph below. When you reach the top, this trail offers a 360° panoramic view of the Lake Havasu area from an elevation of 1,370 feet above sea level.

Please note, most trails do not have signs.
Time and miles estimates are approximate and do not include travel time to trailhead.

Birdwatching

Numerous bird species are found in Lake Havasu City, especially around the shoreline and within the many coves of Lake Havasu and along the adjacent sections of the lower Colorado River.

Some of the species in the area include:

- Anna's Hummingbird
- Great Blue Heron
- Great Horned Owl
- Vermillion Flycatcher
- Costa's Hummingbird
- Great Egret
- Western Grebe
- Lesser Black-Billed Gull

Of special note is the Bill Williams Wildlife Refuge, located 23 miles south of Lake Havasu City. Home to 355 species of birds, the refuge was designated as an Audubon Society Globally Significant Important Bird Area in 2011 following the spotting of a rare Nutting's Flycatcher. Since then, the Nutting's Flycatcher has remained in the area and mated.

DID YOU KNOW?

Lake Havasu City has a nine-hole disc golf course. It combines grassy and desert landscapes into an easily walkable 2,519 feet and it's free to play.

Oatman burro

Route 66, known as the "Mother Road," was the main westward route for hundreds of thousands of migrants fleeing the Midwest during the Great Depression of the 1930s. Connecting Chicago to Los Angeles over 2,400 paved miles, it has come to symbolize American car culture and road trips. Two popular day trip destinations are nearby:

London Bridge

The London Bridge is one of Arizona's biggest visitor attractions. It was designed in 1799 by Scottish engineer John Rennie and opened in 1831, spanning the River Thames in London, England.

By 1924, it was evident that the bridge was sinking, as it had not been designed to withstand the impact of 20th century automotive traffic. In 1967, the City of London placed the bridge up for sale.

On April 18, 1968, the winning bid went to Lake Havasu City founder Robert McCulloch for \$2,460,000. Each block was meticulously numbered before the bridge was disassembled. 130,000 tons of granite blocks were then shipped overseas to California and trucked to Lake Havasu City, where the bridge was reconstructed and rededicated in a ceremony on October 10, 1971.

Want to learn more? The Lake Havasu City Visitor Center conducts an 90-minute walking tour of the bridge. See for yourself the strafing scars from WWII on the bridge's granite surface, walk beneath its arches and stroll over the sparkling Bridgewater Channel. **Call the Visitor Center for tour information at (928) 855-5655.**

DID YOU KNOW?

The bridge is rumored to be haunted! For years, visitors have sighted the figures of a British police bobby and a woman in black.

Kaboom! The vintage lamps on the London Bridge are made from the melted down cannons of Napoleon Bonaparte's army.

Lake Havasu Lighthouses

Located over 200 miles from the nearest ocean, Lake Havasu City is home to more lighthouses than any other city in the country. Each of the 26 picturesque lighthouses is a U.S. Coast Guard-approved beacon for boaters on Lake Havasu to help ensure safe maritime navigation. Among the replicas, 13 are accessible by land, while the rest can be enjoyed from exploring the lake by watercraft. All are erected and maintained by the Lake Havasu Lighthouse Club.

The IJSBA World Finals

Spend the day on the water and then pull up to your own private shoreline campsite for a night of camping under the stars. Shoreline campsites offer trails to explore, the beauty of nature and privacy that you can't get in a regular 'campground.' All sites are on a first-come, first-served basis. If you don't want to boat to your campsite, there are several campgrounds available offering tent camping with beautiful views of the lake.
