Dining Guide

LAKE HAVASU CITY

Play like you mean it.®

www.GoLakeHavasu.com

Lake Havasu City is a unique town for dining. With so many activities available on the lake, why should dining be any different? Several area restaurants have courtesy docks available for hungry boaters.

Whether you want a quick bite so you can head back onto the lake, or have built up a big appetite and are ready for dinner before going to the launch ramp to trailer the boat for the night, there are several dining options that don't require taking the boat out of the water.

Many boaters also like to make lakeside dining part of their day on the lake by cruising to the far south or north ends of the lake for lunch and back for a great day trip.

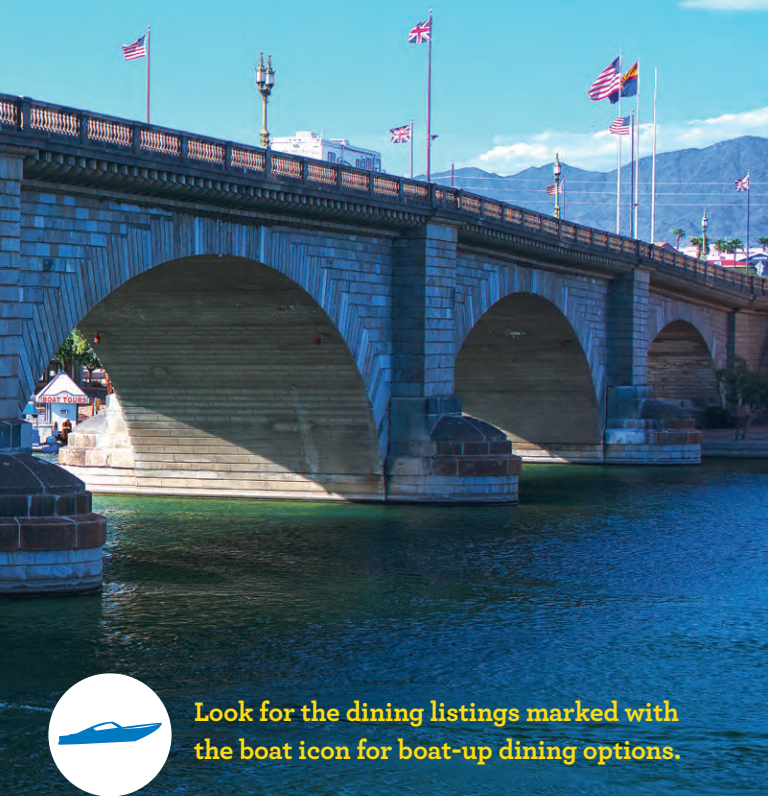

Dining Guide

The Lake Havasu City area features a wide variety of restaurants, cafés, bars and lounges. Whether you're craving fine dining or want to grab a quick bite, you'll find it all here.
